Our Most Popular "In House" Wedding Album

Our most popular wedding album is the 11x14 Valencia with forty textured pages. Luxurious black covers with mylar edged and metal reinforced corners. You select up to 120 of your favorite wedding day images. Cherry provides album page design. You have an album design session with her. Once you have approved of all the page designs, you leave the session with all your album page designs on an archival gold DVD. Within three weeks your album is ready for pick-up! All of this with your album is priced at only \$560. Exact duplicate album \$360.

The 11x14 Valencia Wedding Album. For a higher quality album, we recommend the "Exclusive Album" by Zookie. We have a 10x10 Exclusive Album with over 100 images available for viewing during your no obligation appointment with us.
